HEPA CERTIFIED UPRIGHTS

SIMPLIFY CLEANING WITH ON-BOARD TOOLS

Item# PF82HF

Optional

Item# PF14

Item# PF18

HEPA Upright Vacuum With Tools

- Features a washable HEPA filter that captures dust and allergen particles down to 0.3 microns in size
- Low 69 dBA noise level for quiet daytime cleaning meets LEED requirements
- Oversized diameter hose resists clogging and stretches out to 10' for above floor cleaning
- Bag safety latch prevents vacuum from operating without a bag in place
- Convenience of on-board tools allows the operator to switch between carpet and detailing tasks
- Headlight makes it easy to vacuum in low light areas
- Ships complete with tools and 50 ft. power cord

HEPA Dual Motor Vacuums With Tools

- Dual motor design for dedicated power to the vacuum and brush motors
- Improved air quality with optional HEPA filtration
- Super quiet 69 dBA meets LEED requirements
- Indicator lights for full bag, bristle contact, belt breakage and brushroll blockage
- Thermal overload protection shuts the vacuum off to prevent overheating
- Brush roll turns off when on-board wand is removed or handle is raised

WIDE AREA CLEANING

SAVE BIG ON BIG JOBS

Now Only
\$1,575⁰⁰

Catalog \$2,162.00
Item# PF28SV

28" Wide Area Sweeper Vacuum

The PF28SV is a powerful sweeper vacuum that is a great option for use on multiple floor types and will pick up larger debris that often clogs traditional vacuum cleaners. The large 7 gallon recovery bag and 60' cord allow you to work more and change bags or cord location less. Don't spend a lot of time training operators; the PF28SV's one button operation will get you up and running quickly.

- Increase productivity and cleaning coverage with wide 28" cleaning path with nearly three times the productivity of traditional upright vacuums
- Improve versatility – 5 levels of height adjustment quickly transition to different cleaning surfaces, ensuring that dirt, dust and debris are removed the first time, regardless of carpet height
- Improve maneuverability and easily clean hard-to-reach areas with a low profile design
- Increase operator comfort with fully adjustable handle and fold-down design for convenient storage

WET/DRY VACUUMS FOR EVERY JOB!

All front mounted squeegees pictured are optional accessories.

STANDARD WET/DRY

Item# PF51

Item# PF53

Item# PF54

Item# PF55

Item# PF56

Choose the size, tank material or motor you need!

Standard and Dual Motor Wet/Dry Vacuums

Choose from our durable 5, 15, 20 gallon models built with heavy-duty steel or long-lasting polyethylene. Each wet/dry comes with the swivel hose connector for 360-degree hose rotation, and full tool kit, including 10' hose, 2-piece wand, floor/rug, squeegee, crevice and dusting tools.

- Easy waste disposal without lifting - rear-mounted drain hose on polyethylene models, tip-and-pour design on stainless steel models
- High filtration with two-stage process, washable permanent cloth filter bag that keeps dust from circulating back into the air and removable super performance pleated paper cartridge filter for dry pick-up applications
- Sound insulated vacuum head lowers decibel level for quiet cleaning
- Dual motor models (PF57, PF58) produce more suction power and 100" waterlift for maximum performance and minimizing debris clogs

ADD A FRONT MOUNT SQUEEGEE SYSTEM!

Optional front mount squeegee system picks up water faster than a hose and wand. It's especially effective in tight spots, maneuvering right up to walls and into corners, picking up either in forward or reverse.

POWR-FLITE DRYERS

PORTABLE, POWERFUL FOR ANY SIZE JOB!

Item# PDH1

ALL POWR-FLITE DRYERS ARE BUILT IN THE USA!

Hybrid Dryer

Powr-Flite Hybrid dryers combine the best features of a squirrel cage design with the increased drying power of an axial fan. Leveraging state-of-the-art engineering, this dryer has an incredible maximum air velocity of 3,400 feet per minute in a compact, highly efficient size. Long-lasting and durable, Hybrids are built with heavy duty, co-polymer polypropylene to withstand the tough, every-day use of contract cleaners, restoration professionals and more.

- Maximum running amp draw of 2.8 amps – no more overloaded, blown circuits
- PDH2 model can daisy chain up to 4 units on one 15 amp circuit with built in power outlet – perfect for restoration when power is at a premium or just faster drying to leave your customers with clean and dry carpet
- Innovative go anywhere design

Powr-Flite.com/Videos

Compact Size

Compact size at only 11.5" high makes it easy to transport or store more dryers in less space.

Daisy Chainable

Deluxe model can daisy chain up to 4 units on a 15 amp circuit.

Efficient

Warm dry air is pulled down and across carpet with a high airflow volume of 3,400 feet per minute.

Weighs Less

Only 18 lbs. – weighs up to 50% less than a traditional dryer.

Quiet

Super quiet 67 dBA meets LEED requirements.

Lower Amps

Maximum running amp draw of 2.8 amps – no more overloaded, blown circuits.

Multiple Position Settings

The deluxe model can be placed horizontally, vertically, on its side against the wall, or at a 5° angle with the kick-stand, directing airflow exactly where you need it most. The standard model offers two operating positions.

Powr-Dryers

Powr-Flite's durable Powr-Dryers use maximum air flow to dry wet surfaces for faster, easier results!

- Stackable, space saving design takes up less room in storage
- Molded, easy-carry handle
- 3 speed rotary switch for controlled drying
- Perfect for floating the carpet up and away from the pad for faster drying

F5 Axial Fan Airmover/Dryer

One of the most effective solutions for structural drying after floods or leaks!

- Heavy-duty roto-molded housing provides uncompromised durability
- DX model comes complete with handle and wheels for added maneuverability
- Stack up to five F5 axial fans for easy transport and storage

F6 Downdraft® Airmover/Dryer

Just one F6 dryer will dry an entire room in as little as 15 minutes!

- 2 speed motor rated for continuous use
- 360° directed airflow incorporated with a 6-blade precision pitched fan
- Heavy-duty casters improve mobility and position unit to optimum drying
- Stackable design and telescoping handle provide easy transportation & storage

RESTORATION RESULTS

The Gulper III

Item# PF85
Shown with
optional wand

Designed for water recovery and flood restoration, the Gulper II flood pump extracts large amounts of water from carpet, bathrooms and other flooded areas quickly and easily. Waste water is pumped out automatically through a standard garden hose to an acceptable area or drain—no emptying tanks manually!

- Powerful 5 GPM or 10 GPM models make it easy to remove water constantly without stopping
- Convenient single power cord operation minimizes blown breakers and searching for additional power circuits when electrical power is at a premium
- 25 feet of 2" vacuum hose provides higher CFM, without clogging on small debris, and combined with a standard garden hose provides a large coverage area
- Stainless steel large debris filter prevents debris from clogging pumps, capturing leaves and other objects for easy removal
- Large 2" wands are available for carpet and hard floor water recovery

Item#	Description	Catalog	SALE
PF85	5 GPM flood pump	\$1,784.00	\$1,376.00

Riptide Multi Surface Cleaner

- Cleans hard floors and carpet
- Adjustable 500-1200 PSI pump
- Auto fill and auto dump
- Durable rotomolded body

Powr-Zone Ozone Generator

Don't just cover up odors – destroy the molecules that cause them with the Powr-Zone Ozone Generator. Powr-Zone actually eliminates odors and leaves pure, fresh oxygen in its place.

- Produces 1.5 grams/hr at 7 p.p.m.
- Lifetime warranty on ozone electrodes and body
- Effective for areas up to 60,000 cubic feet
- 12-hour programmable timer with adjustable ozone output levels
- Maintenance free – no plates or UV tubes to corrode or clean

Perfect Heat® - This unique process requires no additional electric power and heats the water/solution to cleaning temperature with no electric heater.

Electric Heat - Hot water helps to loosen dirt and works best for most stains and carpet types. Heat increases soil removal, rinses better and dries faster.

Cold Water - Many carpeting fabrics, backing, upholstery and drapes are more safely cleaned with cold water.

Airwatt Extractor

Airwatt Extractors redefine power without sacrificing performance! Airwatts measure airflow (CFM) and suction (waterlift), providing a true indication of extractor performance. Powr-Flite Airwatt Extractors are powered by the revolutionary Ametek® airwatt motor, the most advanced vacuum motor on the market.

- Powerful, single 2-stage fan airwatt vacuum motor outperforms conventional vacuum motors
- New advanced technology airwatt motor is specifically designed for foam and moisture-laden applications
- State-of-the-art, patent-pending bearing design virtually eliminates bearing failure – the number one failure on carpet extractor vacuum motors
- Lower amp draw for energy saving cleaning with fewer overloaded breakers, especially in applications where power is at a premium
- Outstanding vac motor performance with an extended two year warranty

BlackMax Extractors

Standard Extractors

Powr-Flite BlackMax extractors combine the power of dual 3-stage vacuum motors, a robust 500 PSI pump, 1,800 watt electric heater and the patented Perfect Heat® system to give you the most powerful portable carpet extractor on the market. Available in both mid-size and full-size platforms, the Powr-Flite BlackMax Extractors provide the ultimate cleaning power, portability and productivity.

- Patented Perfect Heat® technology maintains the hottest water/solution temperatures in a portable unit
- 1,800 watt heater produces temperatures up to 212° F
- Dual 3-stage vac motors provide nearly 50% more waterlift than dual 2-stage vac motors
- Powerful solution pump delivers 1.25 GPM at 500 PSI
- Exclusive handle mounted transport wheels for easy loading and unloading
- 10 gallon unit dimensions: 25" L x 20" W x 34" H
- 13 gallon unit dimensions: 35" L x 22" W x 45" H

- Choose from 10 gallon or 13 gallon; cold or heated models
- Dual 2-stage vac motors with 97 CFM and 150" waterlift
- PFX1070SP has one 3-stage vac motor with 120 CFM and 99" waterlift
- Front mounted switches and pressure gauge (on models with adjustable PSI) for easy operation
- Electric Heat models feature a 1,750 watt inline heater for hotter temperatures at the wand tip
- 10 gallon unit dimensions: 25" L x 20" W x 34" H
- 13 gallon unit dimensions: 35" L x 22" W x 45" H

ALL POWR-FLITE EXTRACTORS ARE BUILT IN THE USA!

COMPACT SPECIALTY EXTRACTORS

CLEAN SMALL SPACES

9 Gallon Self-Contained Carpet Extractor

User-friendly design gives professional results at an unbeatable price!

- 1,300 RPM chevron style brush agitates deep, removing soil other self-contained extractors leave behind
- Powerful 1.9 hp 3-stage vacuum motor with 92 CFM and 120" waterlift with 100 PSI pump maximizes recovery for faster dry times
- Two spray jets provide an evenspray pattern and are removable for easy cleaning

Easily attach an upholstery tool

ORBITAL FLOOR MACHINE

CHEMICAL FREE FINISH REMOVAL

Customers love the increased productivity, performance and low cost of ownership on the NEW Powr² Orbital Floor Machine.

- Saves time and effort compared to traditional stripping process – no chemicals needed
- Rectangular design reaches corners that are missed by round pads
- Improve performance with optional weights for increased down pressure and pad loading
- Anytime cleaning with low 69 dBA
- 1.5 hp fan-cooled motor is enclosed and protected by a motor fan guard

“I have been impressed with the Powr² machine. Training takes about 30 minutes instead of half a day. The price on this machine is great compared to other brands.”

– Thomas J.

TRADITIONAL FLOOR MACHINES

DURABLE FLOOR MACHINES

Powr-Flite floor machines, available in Classic steel or durable molded Millennium editions, combine a low profile design and heavy-duty all steel triple planetary transmissions to stand up to your most demanding work. All metal handle housings, tube and trigger assemblies add to the long-lasting durability of Powr-Flite floor machines.

Single Speed Floor Machines

These machines deliver aggressive cleaning power and the versatility for any hard floor job.

Dual Speed Floor Machines

Complete every cleaning or buffing function with Dual Speed 175 or 320 RPM versatility! Convert from stripping and scrubbing to high-speed spray buffing with the flip of a switch.

Sanding Floor Machines

Equipped with a heavy-duty sandpaper driver, Classic and Millennium 17" sanding floor machines have the power to handle tough floor jobs like sanding, scraping and grinding.

BURNISHERS

PERFECT SHINE EVERY TIME

ALL POWR-FLITE BURNISHERS ARE BUILT IN THE USA!

Item# C1600-3

Item# M1600-3

Corded Burnishers

Our burnishers give you years of trouble-free operation, making it easy to bring the life back to almost any floor surface. These machines offer exceptionally smooth operation with a flexible, self-adjusting pad driver that burnishes unlevel surface areas evenly. Our patented design combined with precision balanced weight distribution eliminates the need for a compensating caster. The entire pad is touching the floor, not just a couple of inches like conventional burnishers.

- Powerful 1.5 hp, 1,200- 2,000 RPM motor brings the shine out of the most worn floors
- Floating handle design lets even the most inexperienced operator achieve a smooth even shine and provides great maneuverability
- Pad driver provides full pad-to-floor contact conforming to low spots and rising up and over high areas
- All metal housing on the Classic model or the one-piece rotationally molded housing on the Millennium model are rugged and dependable - built for years of trouble-free operation
- Comes complete with flexible pad driver

PADS AND DRIVERS

Floor Pads

Powr-Flite floor pads are manufactured using the latest technology; from computerized blending of fibers, to the mixing of pigments and binders. The non-woven air-layered web process assures outstanding performance and a long, useful life.

- Pads sold by the case only
- Cases can be assorted to obtain quantity pricing
- 13"-24" pads are packed 5 per case
- 27" pads are packed 2 per case

Eco-Friendly Pads

- Polyester fiber is 100% recycled material; primarily recycled soda and water bottles
- Water based latex resins – no phenol-formaldehyde
- Shipped cartons contain at least 45% recycled materials
- Manufactured under an EPA approved Clean Air Permit

QUANTITY DISCOUNT 6+

SCRUBBING /STRIPPING PADS

Available from 13" - 21"

White Polish Extra Fine - Extra fine pad for polishing clean dry floors. Available from 13" to 27".

Red Spray Buff Pad - For spray buffing and light scrubbing, 175 to 320 RPM.

Blue Clean/Spray Cleaner Pad. Use for heavy-duty scrubbing or light stripping, 175 to 320 RPM.

Green Scrub Pad - For heavy-duty scrubbing and light stripping in nylon fiber, 175 to 320 RPM.

Black Strip Pad - Wet stripping - with aggressive agent- nylon fiber for heavy-duty stripping, 175 to 320 RPM.

Dominator - The most aggressive stripping pad on the market, 175 to 320 RPM.

Heavy-Duty Black - Extra aggressive open weave pad that is excellent for removal of burnished floor finishes. High aggressive agent embedded in pad for maximum stripping power, 175 to 320 RPM.

BURNISHING PADS

Available from 18" - 27"

Luster Lite - Ideal for the top finish on highly polished floors.

Image Beige - For frequent burnishing on soft to medium finishes.

Combo - A blended polyester and natural fiber pad for frequent burnishing.

Porco - A blended natural pad for minimal burnishing on medium to hard finishes.

Porco PLUS - A high content of natural fibers, ideal for minimal burnishing on hard finishes.

Remover - This pad has a special binder formulation that allows the pad to effectively remove black marks and restore gloss in one pass. Designed for soft to hard floor finishes. Up to 3,000 RPM. 5 per case. 27" are 2 per case.

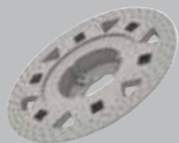

Microfiber - This ultra high speed burnishing pad has soft, fine fibers that will not damage the finish on uneven floors. Reduces airborne dust. Up to 3,000 RPM. 2 per case.

Spinsafe™ Carpet Brush

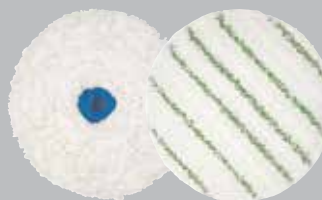

This carpet brush features a stainless steel glide plate and adjustable screws positioned on top of the brush to allow the plate to be adjusted as the bristles wear or for various carpet nap. It requires minimal cleaning solution, and utilizes 0.014" nylon filament and the weight of the machine to penetrate carpet for excellent cleaning action, yet soft enough to prevent carpet damage.

- Glides easily over carpet increasing efficiency
- Adjustable stainless steel guide plate protects the integrity of the carpet and reduces drag
- 0.014" nylon filament penetrates carpet fiber without causing damage
- No break-in process required
- Clutch plate included

AUTOMATIC SCRUBBERS

CLEAN FLOORS RIGHT THE FIRST TIME

Multiwash - Multi-Surface Scrubber

The Multiwash will wash, mop, scrub and dry in a single pass on virtually every kind of floor... entrance matting and elevators, marble, concrete, tile, sports floors and even carpet! Perfect for tile and grout cleaning!

- Eco-friendly low moisture cleaning uses 30% less chemical and water providing increased savings
- Cylindrical brush system provides deep scrubbing at 650 RPMs – over three times higher than rotary brush automatic scrubbers and 4-6 times more contact pressure for superior cleaning
- Save time with self-cleaning brushes – no messy pads to worry about
- Cylindrical brushes far outlast pads, using an average of one set of brushes for every 100 floor pads... saving you money and reducing the impact on the environment

Predator 14 - Battery Powered Scrubber

Clean more efficiently! A mop and cleaning solution in a bucket starts out clean but quickly becomes soiled, spreading dirt and debris over the “clean” floor. The eco-friendly 14” cleaning path will capture the dirt and debris mops leave behind.

- Eco-friendly low moisture system saves on chemicals and water
- Low operating noise level of 68 dBA is safer for employees, allows for cleaning during business hours and meets LEED standards
- Gets excellent results on multiple hard floor types: concrete, terrazzo, marble, slate, stone and vinyl composition
- Comes complete with maintenance free gel batteries and integrated onboard charger, making it simple to recharge at any location

Low profile and fully adjustable handle make it easy to clean under counters, desks and tables

Item#	Description	Catalog	SALE	SAVE!

Predator 17 - Battery Powered Scrubber

Simple controls, easy to use, and easy to transport, the Predator 17 provides excellent scrubbing results on a wide range of hard floor surfaces including tile, linoleum, cement, epoxy and rubberized surfaces. Designed for moderate sized interiors the Predator 17 is ideal for use in schools, hotels, retail shops, restaurants, hospitals and other commercial and industrial applications.

- 200 RPM brush speed provides aggressive scrubbing power for the dirtiest floors
- Low-profile, ergonomic design provides easy maneuverability
- In-line solenoid valve controls solution flow optimizing cleaning times
- Simple control panel includes key switch, battery meter and hour meter
- Comes complete with two 12 volt batteries, charger and pad driver
